## PROFILE

Experienced User Experience Designer with a demonstrated history of working in the various industries & clients all over the world who is responsible for creating usable and delightful online experiences. I have a skill set of design strategy, user research, information architecture and content strategy, user interface design, Iconography, illustration and usability testing. I also have a better knowledge of HTML, CSS, Javascript.

## EMPLOYMENT

■ JULY 2018 - PRESENT

### Product Designer

#### Freshworks

A fast growing SAAS company giving me lot of exposure to product design, user research, card sorting, rapid prototyping etc. The bunch of super smart people and the state of art office gives me more creative thoughts and works.

■ OCT 2016 - JUNE 2018

### UX Designer

#### Trimble Information Technology

A large scale corporate giving me opportunity to work with large amount of data that deals with heavy civil construction machines.

■ JUNE 2016 - AUG 2016

### UI Designer

#### ZoomRx

A pharma market research startup gave me the lesson of detailing in designing and perfection of the work your deliver.

■ JAN 2016 - MAY 2016

### UI Designer / Developer

#### Triton IT solutions.

A young surrounding gave me positive vibes to work with fresh bloods and learned the ethics and sense in scripting languages

Graphic & Web Designer

Sri Hema Infotech

A startup web designing company in perambur, chennai. This firm gave me the gateway to the field of designing.

A place where I learned knowledge about designing and developing web and mobile products.
